Company Name : SPIE SA

Company Sector : Energy and Communications

Operating Geography : France, Europe, Global

About the Company :

SPIE SA is a French firm that specializes in electrical, mechanical, and climatic engineering, as well as energy and communication networks. Édouard Empain created the company in 1900, and it is headquartered in Cergy-Pontoise, France. The company's main line of business is industrial equipment production, operation, and maintenance. SPIE offers a variety of technical services in the fields of energy and communications. The company creates, builds, manages, and maintains environmentally friendly and energy-efficient facilities. SPIE is traded on the NYSE under the symbol SPIE. As of 2023, the company employs 1,850 people in over 14 locations in Belgium and one in Luxembourg. SPIE Belgium is divided into four sections: Industry, Building Systems and Services, Infrastructure and Services, and ICS.

SPIE SA's unique selling point or USP is that photonics' revolutionary power improves people's lives around the world. SPIE SA's mission is to actively contribute to the battle against climate change and to adapt living environments in order to achieve an energy transition and a sustainable digital transformation that are synonymous with long-term progress for all citizens.

Revenue :

8,092.1 million - FY ending 31st December 2022 (y-o-y growth 16.1%)

6,970.9 million - FY ending 31st December 2021
